

Dec. 9, 2021

To whom it may concern:

I am writing this letter on behalf of Melony Burnett to support her application for scholarships to continue her education.

Melony was a student in my COMM 100, Basic Communication class during Fall term of 2021. She proved herself to be an exemplary student, earning an A+ for a final grade.

During the course, Melony demonstrated excellent critical thinking skills and understanding of, and ability to apply a wide range of communication concepts.

In addition, Melony demonstrated a high motivation to succeed, seeking clarification when needed, submitting excellent work. She was exceptionally kind, supportive, and respectful toward her classmates as well as the instructor and brought an open mind to interactions with others.

It was my pleasure to work with Melony during our class. I believe she will be an asset to her educational environment and to her community.

Sincerely,
Mara Levin, PH.D.

To the Scholarship Committee,

Melony Burnett was in my COMM 115 Intercultural Communication class during fall term 2021 at Lane Community College. My interactions with Melony have always been positive. She is a good writer and a thoughtful participant during class discussions and assignments. On several occasions, I used her work as an example for other students to emulate. She was very interested in the subject area and willing to move beyond the required reading into areas of personal self-interest by truly engaging with the material. She has a quick wit and thinks outside the box.

Melony also has great compassion. Many of us have holed up and stayed close to home during pandemic times, but Melony reached out in acts of community service. LCC runs a "Rainy Day Food Pantry" for students and/or their families who are experiencing need. As a regular volunteer, Melony stocks shelves, organizes orders, serves patrons, and cleans up behind everyone. I admire her dedication and desire to live her values on a weekly basis.

Although Melony isn't in my major area, she seems to be one of those students who participates fully in her world. I believe that she will be a solid and thoughtful college student. If she is not the quickest to answer a question, I can guarantee that she will have the most complete answer. She will be the student you look forward to seeing each class period!

I will watch with great pleasure as Melony leaves LCC and moves on to get her college degree. I hope that the Scholarship Committee will help her along the way. I will be rooting for her! Please don't hesitate to contact me at KrumreyK@lanecc.edu or 541-463-3173 with any additional questions about Melony or her capabilities.

Sincerely,

Karen S. Krumrey, Ph.D
